The Land Development Agency (LDA), established in September 2018, is a key Government initiative to make the development of homes happen where and when it should be happening, with a key focus on state-owned land. The LDA opens up state owned land to improve housing options for individuals and families. They also drive the medium to long term compact development of our cities by providing a vision and delivery strategy for larger scale strategic land areas. Put simply, the LDA's strategy is to help make the development of housing happen where and when it should be happening, in line with Ireland's compact growth objectives. That includes both in the short term and the medium to long term.
